Ko Craft Revolutionizes Musubi Making Again with New Line of Premium Molds

Torrance, CA (July 4, 2024) – Ko Craft, the leading brand of the world's most innovative and best musubi makers, announces the launch of a brand-new line of musubi molds designed specifically for both professional chefs and home cooks. Ko Craft, the inventor of the popular Mo Bettah 9-cavity maker and the Bambucha 18-cavity maker now introduces the Alo Hale collection or ‘Home Living’ of the single, double, nine and onigiri musubi molds.

Built to Last, Crafted for Comfort

Ko Craft's new musubi molds elevate the musubi-making experience by combining exceptional durability, functionality, sanitation, and comfort. Previously available primarily for the commercial restaurant industry, these new molds offer the same robust performance while incorporating new features ideal for the home kitchen.

Unmatched Quality, Enhanced Design

Crafted from heavy-gauge, medical/food-grade, stainless steel, these molds ensure long-lasting performance and resist breakage even with extensive use. Featuring precision alignment between the press and the box, they guarantee consistently perfect musubi shapes every time.

A Chef's Essential, A Home Cook's Delight

Professional kitchens will appreciate the stainless-steel construction, allowing for thorough sanitization and withstanding the demands of a high-volume environment. Home cooks will be drawn to the premium quality and hand-finished stainless steel, along with the ergonomic silicone handles designed for maximum comfort.

Ko Craft's 'Alo Hale Collection' Musubi Molds

Dishwasher Safe for Easy Cleaning

All Ko Craft musubi molds are dishwasher safe for effortless cleaning, making them a breeze to maintain in any kitchen setting.
